

GLENCASTLE EST 1895 | CREATIVE OFFICE CAMPUS

Overlooking Atlanta from a prominent hill in the Grant Park Beltline District, sits one of the area's most intriguing set of historic buildings. GlenCastle, a three building 75,000 SF creative office campus originally served as Atlanta's city stockade, stables, blacksmith shop and working farm in the late 1800's. Restored & re-purposed in 2020, GlenCastle's incredibly unique structures now tell a new story. Authentic materials and creative floor plan options allow GlenCastle to combine Atlanta history with new infrastructure in a vibrant, livable and highly accessible area.
